

We uncompromisingly honor your loved one. We take your loved one's personal carbon and grow a beautiful Radiant Diamond™. Together we will embark on a 6-9 month journey turning your loved one's personal carbon into a tangible symbol of love and connection. Carbon can be sourced from your loved one's hair, clothing, stationery, flowers, or cremated remains.

Diamond Journey Process

6-9 MONTH JOURNEY

STEP 1: CULTIVATE

Just as enriched soil nurtures seedlings, we carefully extract and purify carbon from your loved one's cherished items, creating a garden of carbon to grow your diamond.

STEP 2: SEED

Much like planting an ideal seed for a blossoming flower, we carefully embed personal carbon onto a diamond seed.

STEP 3: GROWTH

Like a flower thriving in cultivated soil and sunlight, the seed from your loved one's carbon grows into a Radiant Diamond™.

STEP 4: SHAPE

The shaping phase, like pruning a flower, carefully guides its form to reveal beauty and promote brilliance.

STEP 5: SETTING

Just as a florist arranges flowers to magnify their beauty, we set your diamond into an elegant tribute of enduring love.

STEP 6: YOUR OWN UNIQUE RADIANCE DIAMOND

Now fully formed, like a flower in full bloom, you can take your loved one with you to make new memories.

Explore the Possibilities

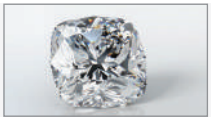

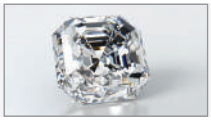

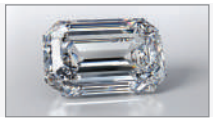

Through the Radiant Diamond™ process, you will have a real, unique diamond sourced from your loved one that will sparkle at every angle, a gentle reminder of the beautiful life that continues to live on forever. If you wish to have your Radiant Diamond™ set, our expert jewelry designers will work with you to design the perfect jewelry setting for you to take on all of life's adventures.
